### About Me

Web Developer with 3.5 years of experience specializing in WordPress, Shopify, and modern CMS platforms. I build clean, fast, secure, and mobile-friendly websites with custom functionality. I fix hacked/dead websites, improve SEO & performance, integrate Google APIs, and automate workflows. I work with international clients and use AI tools to boost speed, quality, and productivity.

---

### Skills

**Custom Features:** Filters, advanced forms, product variations, multiple offers, custom layouts, landing pages, automation workflows (Zapier/Make)

**CMS & E-commerce:** WordPress, Shopify, WooCommerce, Webflow, Wix, Squarespace, BigCommerce, **CS-Cart (wholesalers & multi-vendor)**, HubSpot CMS
